## *Theme . . .*

Just one hundred years ago thousands of persons began to stream into California in one of the greatest migrations of all time, and as a result California became the great state that it is today. On this golden anniversary of the beginning of the Gold Rush, we have given attention to the "forty niner" in our theme, but we have centered it around San Francisco and the beautiful bay from which it gets its name. Such a theme is fitting because it is here on San Francisco Bay that we live, and because there is so much of importance and interest in the history of "the two San Franciscos" in the story of California.

# *Dedication*

TO MRS. HAZEL B. HUNTER:

Affectionately known as "Ma" to the thousands of students whose lives she has enriched with the warmth of her understanding, the radiance of her charm, the inspiration of her teaching, and the depth of her devotion. She has discovered talent and instilled confidence. She has awakened an appreciation of what is fine and beautiful in music and in life. She has given us something nice to remember.

DR. WILLIAM PADEN  
Superintendent of Schools

Few graduates of Alameda High School ever realize the bee hive of activity that is the Administration Building, located just across the Girls' P. E. field on the corner of Oak Street and Alameda Avenue. It is here that the Superintendent of Schools, his assistants, and the Board of Education labor diligently to provide us with all the essentials for a good education. Their effort in our behalf is the reason we have chosen to include this page in the 1949 **Acorn**.

## *Mr. Bryan's Message*

At times we are all disturbed about things that happen to us. When such disturbances come to us we have to make adjustments. In order to make such adjustments we must be healthy physically and mentally. I should like to use the space offered me by the **Acorn** Staff this year to list a few of the principles that seem to develop the kind of wholesome personality that is necessary to meet our everyday problems. This is done in the hope that one or more of the principles listed may help some student over a difficult time.

1. Learn to face facts with courage and optimism. Neither brooding nor failure to recognize facts will do.
2. Learn to compensate in constructive ways for unpleasant facts that you cannot change.
3. Attend to the present situation. Ignore the past and the future except where they are vitally connected with the present.

"Worrying is a complete circle of ineffectual thoughts around a pivot of fear."

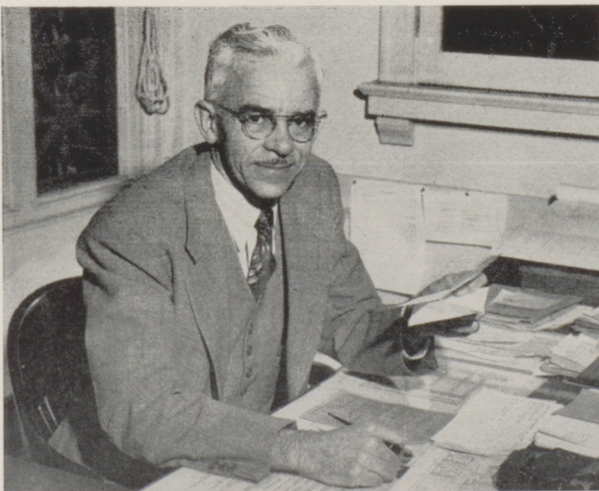

4. Adjust your environment and way of life to a strain you can sustain.
5. Find desirable and adequate means of self expression.
6. Have many interests.
7. Achieve some satisfactory social relationship.
8. Develop a balance between self reliance and dependence.
9. Learn to recognize unhealthy reactions in yourself and deal with them effectually.
10. Keep physically fit.

I wish to congratulate Mrs. Hoeksema and Miss Herrick, faculty advisers, Barbara Tener, editor, Frank McElhinney, business manager, and the **Acorn** staff on the really outstanding work they have done on the **Acorn** this year. I also want to thank Miss Reichmuth and Bob O'Hare for helping to provide the colored division pages.

# *Our Student Government*

Our student government affords the best training for our future roles as citizens. This year, we, the Associated Students of Alameda High School, have accomplished many things of which we are very proud.

We started in September with Glenn Weller in the president's chair, and soon Financial Secretary George Osorio, with the cooperation of the student body, procured 100 per cent student dues. No one will ever forget those wonderful and very entertaining minutes that Recording Secretary Ken Randall turned out, and certainly school spirit was tops under Yell Leader Barry Conner. Barbara Manbert proved to be a very capable, as well as attractive, vice president, assisting President Glenn in every way.

This spring George Osorio took over the gavel and proved his worth as a leader. He was assisted in every way by the petite and vivacious Sally McDowell, who was our vice president. Under the leadership of Financial Secretary Rich Pollone, 100 per cent dues were secured and Duane Louis' minutes were of the finest quality. Credit should go to Rich Lundy for his work in maintaining the high standard of school spirit.

## **ADMINISTRATIVE BOARD**

Much of the success of any administration is dependent upon the work of the other bodies in the student government. Ranking first is the Administrative Board, composed of two representatives from each class, six delegates-at-large, and the five student officers. The Ad. Board approves the budget, appropriates money for bills, and performs various other tasks.

## **STUDENT-FACULTY COMMITTEE**

Next of importance is Student-Faculty Committee which is composed of the five student officers, the Chief Counsellors of the Men's and Women's Boards of Control, a delegate at large, President of G. A., President of the Men's Block A, President of G. A. A., Speaker of the Ad. Board, Mr. Bryan, Mr. Bell, and three other faculty members. It is in this committee that students and faculty work together, and the result is a smooth running student government.

## **BOARDS OF CONTROL**

The Men's and Women's Boards of Control, each composed of twenty-four members, fourteen seniors and ten juniors, assist in keeping order at games and student meetings.

The other activities of the Associated Students appear on following pages.

Classes

# *Senior Class History*

Two senior classes, the class of June, 1949, and the class of February, 1950, are honored in this book. They will soon graduate after four very full active years, and it is our purpose to briefly review the more outstanding of their activities.

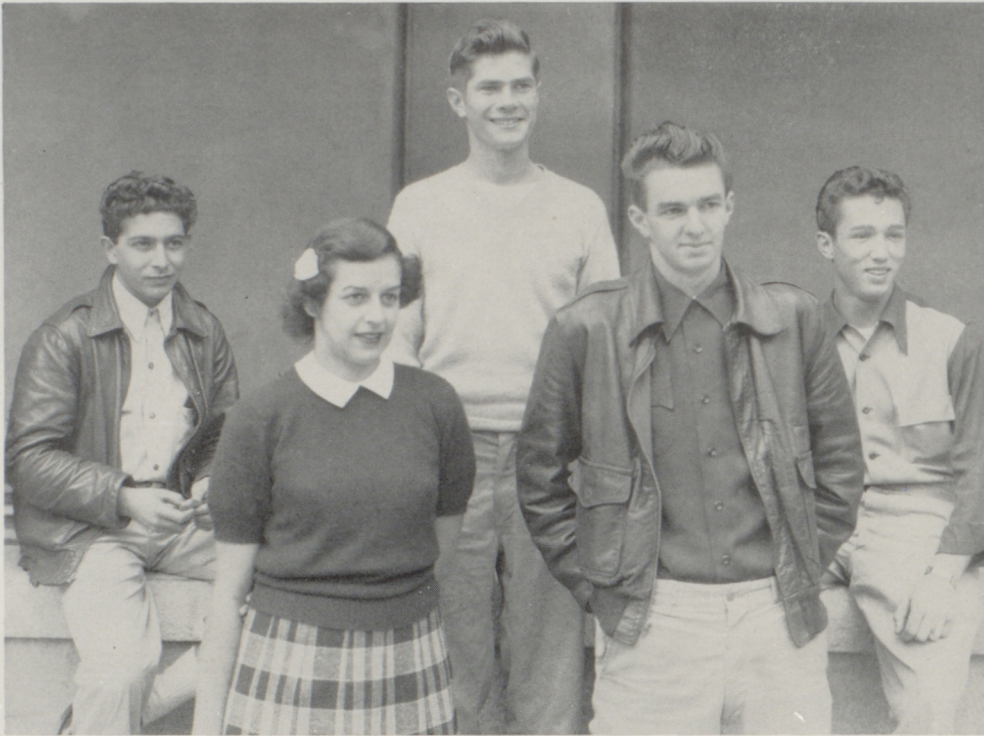

## **HIGH SENIORS**

The '49ers entered high school a group of bewildered freshmen, but they soon got into the swing of things by presenting movies. When they were high sophomores, the '49ers presented the "Gold Rush," featuring clever little money sacks filled with gold dust for bids. "Rhapsody in Gold," their junior prom, again stressed the gold theme in the bids and decorations. About this time, the beautiful wine-colored junior sweaters appeared on the scene. Their senior play was the hilarious "Our Hearts Were Young and Gay." On both Circus Days, they managed the ice cream booth with great profit to the class. The senior sweaters and jackets were very different, the sweaters being Southern Mint and the jackets black and white.

## **LOW SENIORS**

The low seniors presented several movies when they first entered high school in order to establish a good financial status. When 2B's, they presented the "Lollipop Hop" which was a great financial as well as a social success. Their junior prom was entitled "The Moon Mist Prom," and it chalked up another accomplishment for the class of '50. Their junior sweaters were v-necked gray slipovers. When Circus Day rolled around, they took charge of the potato chip booth. The climax of it all was their exciting senior play, "Seven Keys to Baldpate" which greatly added to their treasury.

# High Juniors

The high juniors, still recovering from the success of their Soph Hop "Record Ramble," spent the major part of last term in making arrangements for their exotic Junior Prom, "A Night in Cathay."

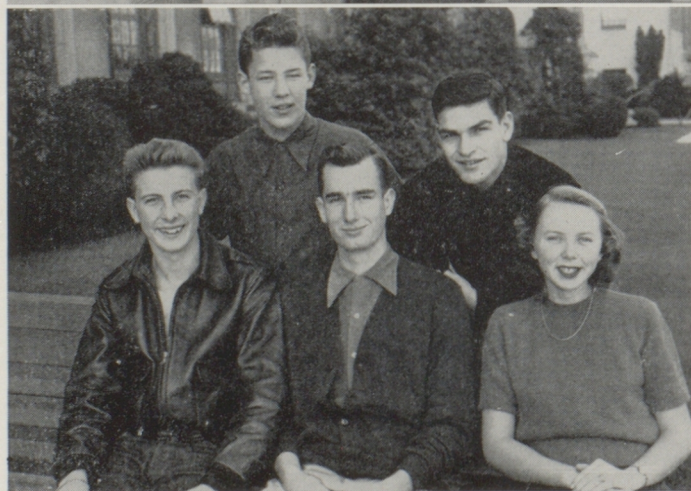

They were very proud of their beautiful v-necked, deep blue junior sweaters, and rightly so.

The 3B's have successfully given movies and managed the Circus Day candy booth.

# Low Juniors

Time marches on! And the members of the class of '51 are now low juniors, and thus have reached the level of upperclassmen.

Though they are a small class, their repertoire of activities is very outstanding: successful movies, the great "Buckboard Bounce" Hop, and the Circus Day sandwich concession booth which had a complete sell-out.

What once seemed an endless task is now over, and it is hard to believe that the mounds of pictures, stacks of copy, packages of green paper, and buckets of paint have finally evolved into the 1949 **Acorn**. We have had one goal before us at all times: to produce for you the very finest **Acorn** possible. If you enjoy this book, and if it serves to preserve a memory of your high school days, we will feel that we were successful in our effort.

With a lively and enthusiastic staff, headed by editors Sally McDowell and Richard Monser, the **Oak Leaf** has developed, this past year, into an important part of A. H. S. campus life.

By supplementing their limited finances with the proceeds from two noon movies, the staff members have been able to issue 10 copies of the **Oak Leaf** this year, an average of one a month. A six-page senior edition has climaxed each semester. New life was added to the paper also when the P-TA of Alameda High School gave the **Oak Leaf** a gift of \$50 to use for pictures of various school activities.

The **Oak Leaf** staff looks back with pride over its accomplishments of the year—a larger paper, wider coverage of events, more pictures—and it hopes to continue its onward stride until reaching its next goal—an **Oak Leaf** issued every two weeks.

## *"Our Hearts Were Young and Gay"*

"Our Hearts Were Young and Gay," based on the story of the same name, is Cornelia Otis Skinner's tale of her girlhood trip to Europe with Emily Kimbrough. The excellent direction and production, plus an outstanding cast, accounted for the great success of this hilarious comedy.

The cast included the following: Lorraine Bobb, Gloria Scribante, Bob Sgarlato, Andy Hexem, Edy Copeland, Dave Williams, LeBaron Esty, Bob Mullikin, Shirley Forhan, Lyman Vonhof, Janice Mason, Sally McDowell, Jackie Avery, Helen Kyriacos, Joie Muehlbauer, and Ed De Deaux.

Jerry Ferro managed the play assisted by co-manager Eleanor Baronian. Malou Westernoff was assistant director.

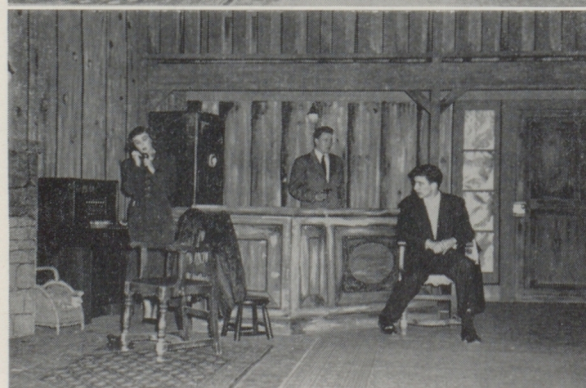

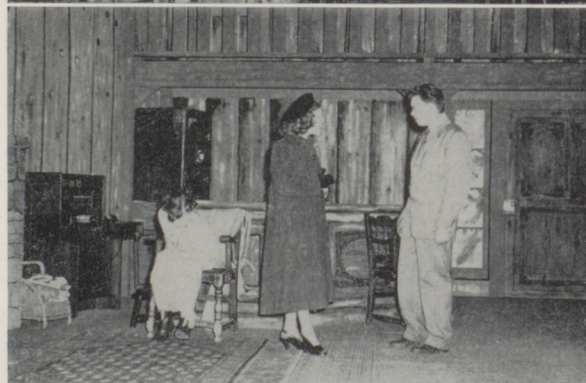

## *"Why the Chimes Rang"*

## *"Seven Keys to Baldpate"*

A superb blend of mystery, comedy, and romance made "Seven Keys to Baldpate" one of the most exciting plays of recent years. Much of the credit for the success of this production belongs to Miss Los Kamp whose excellent direction always makes a hit.

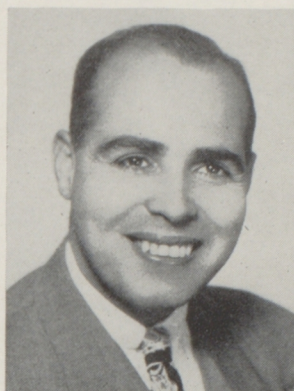

The members of the cast included Pat Doyle, Larry Blakeslee, Ronald Guptill, Phyllis Merritt, Ed de Silva, Pauline Maroulas, Mike O'Brien, Karen Birkholm, Art Cantor, Paul Gertmenian, Wally Seavers, Norman Rehm, Bill Dowd, Paxton Davis, and Eugene Volz.

Tom Clifford and Ann Maxwell were manager and co-manager respectively, and Joyce Kell was assistant director.

Alameda's gridgers placed second in the A.C.A.L. last season, having played impressive ball through the past season.

Our loss to Berkeley (13-12) was by a mere point, and it placed us in second spot on the A.C.A.L. football ladder. We finished one of the finest seasons of the past decade and leave a record to be beaten.

The hoopsters completed their practice season with eight wins and five losses. Our boys compiled 555 points to opponents' 500, rounding out the practice season.

During the A.C.A.L. season, the Hornets gathered in seven wins and dropped five in league play. Alameda hooped a total of 491 points to the opposition's 463 in league play. The casaba squad wound up in third spot and also contributed many players to the All-County Team.

Statistics—here they are:

Total points for Alameda, 1,046; points against, 963.

Average per game for Alameda, 43 points; average per game against, 38.5 points.

## TRACK

Coaches Jolly and Socolofsky have been confronted every year with a man power problem, and this sore thumb has turned up again on the cinder squad.

The mentors complete organization has brought forth winning teams with strong points in the short dashes and in the weights. A few lettermen are back, and we are sure to make the upper division in the A. C. A. L.

## BASEBALL

Chet Millett's horsehide squad shows promise for the flag this year. The team has a solid infield, fair outfield, good pitching, catching, and over average hitting. Chet and the squad have cruised through the practice games with a good average and are now battling for the A. C. A. L. crown. Here's hoping our boys emerge the victors.

George Cadwell, Chet Millett, Lewis Jolly, Chris Freeman, Charles Socolofsky, Henry Jones.

### *A Tribute To Our Coaches*

The "Brains" behind our teams have come through again with a successful year in sports. Our mentors have pulled many tricks out of their hats which built spirit and sentiment among their players and the student body. The fundamental values expressed by the instructors are centered around responsibility, cooperation, and friendship among the fellows. Our coaches, George Cadwell, Chris Freeman, Lewis Jolly, Henry Jones, Chet Millett, and Charles Socolofsky are a definite asset to the school not only for their influence upon the athletic achievements but also for their character building program.

All girls interested in sports aspire to join the Girls' Athletic Association, whose number is limited to girls achieving and maintaining a high average in every phase of the P. E. program.

A wide variety of sports, both team and individual, is offered. At the close of each season letters and trophies are awarded at the semi-annual spread.

Under the leadership of faculty advisers, Mrs. Myrtle McKenna and Mrs. Darlene Lee, the members are kept busy with many other activities such as the pencil sale and the college play day.

# California Scholarship Federation

The California Scholarship Federation is open to students who receive at least three "A's" and one "B" during the semester. Our aims are threefold: to provide recognition for scholastic excellence, to encourage good fellowship, and to fulfill, wherever possible, our theme, "Scholarship for Service."

The term began with a party at the home of Rollin Jensen. The organization was entertained with games, a silent movie of the early 1900's, and a few numbers on the piano by our talented host.

At Richmond Union High School, December 4, 1948, the C. S. F. attended a meeting of the thirteenth district of the State Organization.

Everyone looked forward to the annual regional conference held at Asilomar near Monterey. At these student conferences we held debates and discussed ways in which the chapters can make our organization helpful.

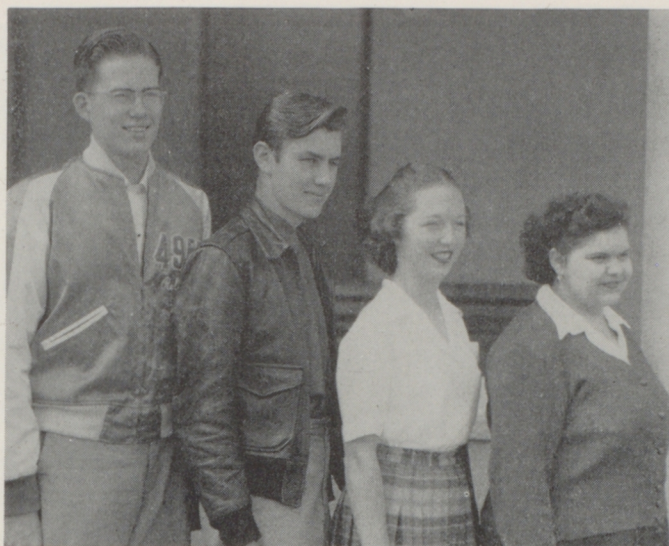

To those who maintain membership for four terms are accorded a life membership pin and a gold seal on their diplomas.

Respectfully submitted,

PAT RIVERS

SPRING 1949

Another year has been added to the annals of the Star and Key Society; and it certainly may be regarded as a year typical of the organization's past history—that of being one of the largest and most active groups of the school.

The Star and Key Society is Alameda High's honor society with membership open to all students attaining a "B" average for their previous term's work. Those who are members for three consecutive or four non-consecutive terms are given the status of life membership, as well as a special red seal affixed to the diploma and the privilege of wearing the Star and Key pin.

The Latin Club of Alameda High School has prospered under the capable assistance of our club adviser, Mrs. Ambrosoli.

The club meets every month.

We urge each and every Latin student to join so that he can have as much fun as we.

The French Club has been very active this year. We collected money for a "Care" package to send to France; we gave two noon movies, one of which was a French film; and we had a wonderful Christmas party with gifts for everyone.

We also ordered membership pins with the "fleur-de-lis" as the emblem.

All persons who have taken French are eligible for membership.

This year the meetings of the Spanish Club have been especially well attended because the members realized that the officers had an interesting program arranged for each session.

One of the best meetings of the fall term was the one before Christmas at which there was a procession, with members in costume, and a play, using the words of the Posadas as carried out in Mexico. The traditional piñata was broken. Another good meeting was one at which Spanish games were played and contests were held. A moving picture, spoken in Spanish, proved so popular during the fall term that a second one was obtained for one of the meetings of the spring term.

Congratulations are due the officers and members for their enthusiastic work during 1948-1949.

Respectfully submitted

The Chemistry Club was organized with a large membership of enthusiastic, budding scientists.

Enjoyable monthly meetings were planned by the executive council, comprised of the officers and the executive committee. The more serious side of each program included student demonstrations of fascinating experiments, motion picture films on chemical topics, lectures by experts, and excursions to various chemical plants where the members had an opportunity to see chemistry applied in industry.

The club expresses its appreciation to Mr. Coughlan for his untiring work and help during the term.

The Junior Red Cross Council is organized for the benefit of needy pupils and to aid the Red Cross in membership drives. We collect a penny per student for membership in the national organization and any amount over that goes into our treasury for distributing as we see fit.

Besides a regular meeting every month we elect two representatives who go to the County Council meetings in Oakland. These two representatives keep us informed of the activities of the other chapters in Alameda County and give us many ideas for improvements. Our advisers, Dr. Peoples, Mrs. Van Orden, and Miss Virginia Powell help us greatly and we thank them.

The purpose of the Girls' Association is to promote common interests among the girls of the school.

The outstanding activity of each term is the freshman reception. At this event the freshmen and new girls are the honored guests, and each one is escorted by a senior sister. An Hawaiian theme was used at the fall reception, while the spring reception used the "Country Style."

Two fashion shows were held, and the G. A. also presented two outstanding student meetings.

Thanks to the help and cooperation of all the girls, the Girls' Association has had a very full and successful year under the leadership of presidents Doddie Abrams and Carol Johnson.

Respectfully submitted,

During the school year, the Block A Society sponsored movies of the Fremont, Hayward, and Berkeley football games, and a basketball game of the top collegiate teams in action. The pre-initiation stunt of having incoming members shine shoes was enjoyed by the faculty and student body. Fifteen new members were admitted into the Block A at the end of the fall semester. In the spring semester, a successful Block A picnic was held at which new members were inducted. The Block A dinner, held after the Alumni-Varsity game, was the highlight of a very active year. Our director, Coach Socolofsky, was responsible for the great school spirit shown by our members. We owe a debt of gratitude to the Times Star for their Annual Times Star Sports Dinner.

The purpose of the Women's Block A Society is to promote an interest in girls' atheltics, to develop leadership, and to co-operate with the other organizations of the school in any worthy project.

By participating in the many sports offered by the G.A.A., any girl who has received the necessary twelve hundred points to belong to the Society is awarded the coveted block.

The fourteen members, under the sponsorship of Mrs. Coffey, have enjoyed many activities, such as bowling, roller skating, a horseback ride, and a progressive dinner during the last term.

Money making activities included the sale of decals and pompons during football season.

The **Acorn** staff is greatly indebted to a number of persons who have willingly given of their time and effort that this book might be published:

Mr. Bryan, for his sincere interest and help.

Mr. Bell, who assisted with the larger group pictures.

Mr. Kerwin of Oakland National Engraving Company for the fine job of photo-engraving.

Mr. DeFoe of the Zenith Printing Company for the excellent job of printing.

Mr. Bushman of Bushman-Risen for our cover and binding.

Mr. Dobus for the wonderful work on the senior portraits and other photographic work.

Mr. Piatt for helping us at the last minute with some of our pictures.

Miss Reichmuth and her art classes for their generous assistance with the silk-screening.

Mr. Cummings for writing our dedication.

Mrs. Shepherd for her excellent advice and help.

Mrs. Patten for the many little things she did for us.

**HOOPER'S  
CHOCOLATES**

*In our little workshop so cozy and neat,  
The spicky span kitchen is really a treat,  
And over the fire with a coppery pan,  
Behold! there is working, a plump little man.*

*A spoon and a paddle he gingerly twirls  
While most fragrant vapors above his head curl;  
With careful precision, with pinches and pokes,  
Chef Hooper blends sweets for particular folks.*

*"How happy I am in this wee shop of mine,  
With everything all in a shimmery shine,  
My greatest delight and dearest endeavor  
Is just to make our kind of candy forever."*
